

THE ULTIMATE LINEUP FOR WORKING UNDER THE HOOD

THE AUTOMOTIVE 14-IN-1

Part#: 151AUTO

For over 25 years Automotive professionals have looked to the Megapro Automotive 14-in-1 Multi-bit screwdriver to get the job done. Loaded with the most popular bits needed for under the hood tasks, including a Valve Stem bit and a 1/4" Socket Adapter, this driver is every mechanic's best friend. Made in the USA and Canada, Megapro screwdrivers feature a winning combination of patented features that make all the difference. When you start using a Megapro – you'll know.

Alloy Steel Shaft with 1/4" Hex Nut Driver

This ultra strong shaft is molded directly into the handle and includes a BONUS nut driver directly within it.

EZ Guide Collar™

A fully-rotational collar ring that helps maintain alignment and provides greater control.

Ultra-strong TRIAX™ Handle

Engineered from extra tough Triax 1120 — we've never had a handle come back broken.

7 Double-ended Bits

Bits made with high-quality S2 Steel are durable and built to last.

Retractable Bit Cartridge

In-handle bit storage that provides quick and efficient access to 14 of the most popular bits.

Palm-saver Cap™

Large, comfortable cap that moves with your palm, preventing blisters

THE FULL TEAM

AUTOMOTIVE RATCHETING

Part#: 211R2C36RD

Featuring a 28-tooth ratchet with 225 in/lbs of torque, an extra-long stainless steel shaft, and 12 single ended 1" bits with strong magnetic pick up.

TAMPERPROOF

Part#: 151TP

A bit set tailored for those working with Tamperproof bits - including Spanner, Hex Pins, and Torx Pins.

WORKLIGHT

Part#: 6WORKLIGHT

A pocket-sized flood light with 6 ultra-bright LED lights. This water resistant light is built to last and powered with 3 (included) AAA batteries.

ORIGINAL

Part#: 151NAS

When the task ahead calls for a popular bit, the Original 15-in-1 has your back— this driver is filled with Phillips, Square, Flat & Torx bits.
